Students are provided training in the areas of contact lens, low vision and binocular vision during the course along with participation in various national level community-based eye screening camps.

Eligibility

Pass in 10+2/ A Level /IB /American/ 12th Grade or equivalent with English, Physics, Chemistry and Biology or Mathematics from a recognized Board, with minimum 50% aggregate marks or equivalent in PCB/PCM.

B.Sc. MEDICAL IMAGING TECHNOLOGY

Program Description

B.Sc. Medical Imaging Technology is designed to mold professionals in Medical Imaging Technology, who can handle different imaging modalities efficiently, perform different medical imaging examinations and assist interventional radiological procedures.

Duration: 4 Years
Including 1 year of internship

Career Prospectus

Graduates of this program can find placements in traditional and non traditional settings as:

- Imaging Technologist
- Medical Image Analysis Scientist
- Application Specialist
- Clinical Sales Specialist
- Opportunities for pursuing Masters Program

Focus

The program mainly focuses on skill training in various imaging modalities like , X-ray, CT-SCAN, MRI, Mammography and Ultrasound in pediatrics, adults and elderly.

Eligibility

Pass in 10+2 / A Level / IB / American / 12th Grade or equivalent with English, Physics, Chemistry and Biology from a recognized Board, with minimum 50% aggregate marks or equivalent in PCB.

B.Sc. MEDICAL LABORATORY TECHNOLOGY

Program Description

B.Sc. Medical Laboratory Technology program aims to provide efficient and balanced training in laboratory medicine. Students receives skill training in all the aspects of laboratory medicine such as: Clinical Biochemistry, Clinical Microbiology Clinical Pathology, Hematology, Transfusion Medicine, Serology, Histopathology, Cytology and Cytogenetics.

Duration: 4 Years
Including 1 year of internship

Career Prospectus

Graduates of this program can find placements as:

- Educator
- Medical Laboratory Technologist in Diagnostic Laboratory
- Environmental Technologist
- Research Technologist
- Laboratory Quality Assurance
- Laboratory Information Systems
- Opportunities for pursuing Masters Program

Focus

Students are trained to acquire skills in various laboratories namely Microbiology, Pathology, Transfusion Medicine, Immunology and Biochemistry for diagnosis, prophylaxis and treatment of the disease.

Eligibility

Pass in 10+2 / A Level / IB / American / 12th Grade or equivalent with English, Physics, Chemistry and Biology from a recognized Board, with minimum 50% aggregate marks or equivalent in PCB.
